Theatrical Storytime to Begin 2011 Storytimes

Earlier this year, we did a trial run of a teen performed theatrical storytime for kids. We had a small turnout, but hope to turn that crowd into a larger one in the future!

Beginning Nov 28, teens between the ages of 12-18 will begin working on the next session of performed stories for kids — and we hope to make this a semi-regular

program throughout the 2012 year, with up to four different storytime performances.

The next performance is tentatively set for the 2nd week in January, and we will probably have Friday evening and/or Saturday morning performances. Do you have suggestions for times/days that work well? Send them in to Katie @ ysl1@smoot.org.
